Manage current network license

Cancel < Back Next > Finish

1. Check the Checkbox

Currently, you have 5 users license

LG NW Upgrade – Add more users pack steps (on PC with no Internet Access)

LG NW Upgrade – Add more users pack steps (on PC with no Internet Access)

1. Select add network licenses

The screenshot shows a 'Manage License' dialog box with a blue title bar and a close button in the top right corner. The main content area is titled 'Manage network license' and contains the text 'Select action'. Below this, it says 'Please select your action.' and lists three radio button options. The first option, 'Add network licenses', is selected and has a green dot next to it. The second option is 'Upgrade network license' and the third is 'Get software key of the Pocket PC edition'. At the bottom of the dialog, there are four buttons: 'Cancel', '< Back', 'Next >', and 'Finish'.

Manage License

Manage network license
Select action

Please select your action.

- Add network licenses
This will start add network licenses process. User must have a valid license pack key number to successfully finish the upgrade process.
- Upgrade network license
This will start network license upgrade process. User must have a valid upgrade key number to successfully finish the upgrade process.
- Get software key of the Pocket PC edition
User of current license is entitled for one free CAL of Pocket PC software edition. This action will open a WEB page where you can obtain the software key.

Cancel < Back Next > Finish
