JUDO PROMO – The Hand Labeller you can't do without for your Retail Business

The ability to launch any promotion at short notice is vital for any retail operation. In today's competitive world, the need to be seen as a 'good value' store is essential. At times, instant sales help to create consumer interest, clear seasonal stocks and slow moving lines faster. Hence, labelling products with promotional texts like 'Special Offer', '50% Off' or 'Clearance' are essential for retailers to achieve these objectives.

JUDO PROMO Hand Labeller is ideal for such retail activities. It comes with 13 Promotional Texts Rotary Cliche on the top and a set of Numbers/Symbols for price indication at the bottom.
